

EQUIPMENT GUIDELINES

It is the responsibility of the team rep. to meet with the coach and the board member(s) in charge of equipment (Kevin Wagner) to receive the team's uniforms, first aid kits, water bottles and pucks. This meeting should take place by the first team practice. Kevin may deal with your coach directly, please meet with your coach to ensure that everything is in order.

Each team is to receive two sets of jerseys in blue WNS jersey bags, for Home and Away games. It is important to make sure that you have matching home and away numbers and that the shirts fit each player. WNS has also invested in new equipment such as new first aid kits, jersey, etc., so please take care of the new equipment.

It is necessary to have a team parent in charge of both sets of jerseys or one team parent for each set of jerseys. The team parent or team rep. in charge of the jerseys must bring both the home and away jerseys to each game in the jersey bags provided by the WNS. It is important that both sets of jerseys are brought to the games, just in case you are playing a team that only has one set of jerseys and the colors could potentially conflict.

Jersey Care Instructions:

Jersey's are to be hung on the hangers that are provided.

When laundering jerseys: Air Dry Only.

NOTE: Please do not distribute the jersey individually to each player. The jerseys must be collected after each game and placed back in the bag.

If you have any questions regarding Equipment, please contact Kevin Wagner.
