

Woonsocket North Stars Ice Rules and Policies for Team Reps (2010 -2011)

- 1) The ice schedule is constantly changing, so please check the web on a daily basis. Sometimes changes have to be made due to conflicts, playoffs, etc. and can't be helped.

- 2) Practice times are only to be exchanged if there are two teams that are both willing to change. If that does happen, please e-mail me with the change so I can update the Home Ice Schedule. My e-mail address is kevinsmith52071@cox.net

- 3) Tournament Games – Once your team's tournament is scheduled, please notify me ASAP. I will either reschedule practices that have been already assigned to your team and/or I will be able to consider your time away when I create a new month's schedule. You can add the tournament games to the Away Ice Schedule via the website or I can update it for you, just let me know your preference.

- 4) Home Games – It is important to play home games as scheduled and make every effort not to cancel. Ice is at a premium once the Interscholastic League begins play and it is very tough to schedule a makeup. I will make every effort to accommodate cancellations for valid reasons. I also need to be notified of cancellations ASAP so that I may cancel the refs. **Please do not make any changes to the Home Ice Schedule.**

- 5) Away Games – If an away game is cancelled / rescheduled please inform me ASAP and also let me know if you have updated the Away Ice Schedule or if you would like me to update it.

- 6) Scrimmage Games – I need 72 hours notice in order to schedule refs for a scrimmage. Please note that during a 1 hour block it is not possible to play 3 12 minute periods. Your game **must** end when the Zamboni buzzer goes off.

- 7) **Do not make any changes to the Home Ice Schedule, the only updates that you can make to the ice schedule is the addition of your team's away scrimmages and tournaments.**

Thank you
Kevin Smith
